**IN THE UNITED STATES DISTRICT COURT**  
**FOR THE NORTHERN DISTRICT OF ILLINOIS**  
**EASTERN DIVISION**THOMAS G. BRUTON  
CLERK, U.S. DISTRICT COURT

BLUDGEON RIFFOLA LTD.,

Plaintiff,

v.

Womens Dresses -YIISU,

Defendant(No.121).

Case No. 21-cv-02525

Honorable Gary Feinerman

**Response to Plaintiff's Motion to Compel[127]**

In the whole lawsuit, Plaintiff only presented a screenshot of evidence showing the accused product whose ASIN is B08XK5ZH2S. However, Plaintiff unreasonably and unequally asked me to widely disclose the information of each product under injunction in the past few years. Nevertheless, I have diligently responded to Plaintiff's discovery requests as to injunction. Specifically:

1. On August 29, 2022, I have shown the Plaintiff the sales information of accused products in the past three years, including purchaser, product picture, shipping address, product unit price **[Exhibit 1]** . I have shown the total orders for products in the past three years. *Id.* I presented a chart showing the relationship between the accused products and the non-accused products. *Id.* I also presented many information for non-accused products to show that I was not specifically offering accused products. *Id.*

2. Further more, on September 1, 2022, per Plaintiff's requests, I provided supplement to response to Plaintiff's discovery as to injunction. Specifically, I provided a chart showing sales data generated prior to the lawsuit (From September 1, 2020 to May 30, 2021), including ASIN, Product Title, Units Ordered, Ordered Product Sales, Total Order Items and images **[Exhibit 2]**. I also explained that some description and images for products in the chart were not presented because they were stopped offering long ago. *Id.* My store had been forced to stop operating for more than a year, although some description and images for products were deleted by Amazon System, the chart can at least show that those ASINs were not "B08XK5ZH2S" that is related to accused products. In addition, I refused to present identification card because it concerns my privacy and it has nothing to do with the discovery request as to injunction.

3. In fact, Plaintiff has actually known the sales information of the accused products from Amazon, such as, Plaintiff knew the actual sales volume of the accused products were 14 and restrained amount, because the court had already authorized the plaintiff to conduct expedited discovery, and Amazon platform had disclosed all relevant data of my store to the Plaintiff in accordance with the court order [DKT 24. Page 4-7].

4. There is no need for plaintiff to conduct further discovery request as to injunction, because I moved to vacate injunction for not only small accused sales of 14, but also Plaintiff's failure to establish a likelihood of success on the merits. Denying Plaintiff's Motion would not prejudice Plaintiff's interests, as it would not prevent Plaintiff from presenting the reason that the injunction should remain in effect. In addition, according to the court records, the court ever also denied Plaintiff's Motion to conduct discovery as to the defendant's(Qiao Ba999) Motion to dissolve preliminary injunction[DKT 51] on July 20, 2021. My accused situation is almost consistent with that of Defendant QiaoBa999.

As such, based on above, Defendant respectfully requests the court deny Plaintiff's motion to compel and grant some relief the court deems proper and just.

Dated: September 18, 2022.

Defendant(No.121).

## DEFENDANT'S RESPONSE TO PLANITIFF'S DISCOVERY AS TO ACCUSED SALES

Defendant refused to provide identification cards because it involves personal privacy and is not related to the alleged product in this case. As sales data of accused products, after carefully researching sales data, defendant found totally made 14 accused sales and accordingly obtained \$321.43. The following charts show the historical order volume of the accused products in the past three years and the sales information of each accused product.

The screenshot shows the Amazon Seller Central interface. At the top, there's a navigation bar with 'amazon seller central' and various menu items. Below that, the 'Manage Orders' section is active. A search bar shows 'ASIN: B08KX52H25'. A message states: 'Your search date range starts from an archived date. For orders were placed before 1/1/2016, you can find them in Archived order report'. Below this, a summary bar indicates '14 orders' with a 'Custom Date Range' filter. The date range is set from '7/1/19' to '7/1/22'. The table below lists orders with columns: Order date, Order details, Image, Product name, Customer option, Order status, and Action. Two orders are visible, both for 'Puzzles'.
